

# TRULLO DIPINTO

In the heart of Puglia

## It's Been A While...

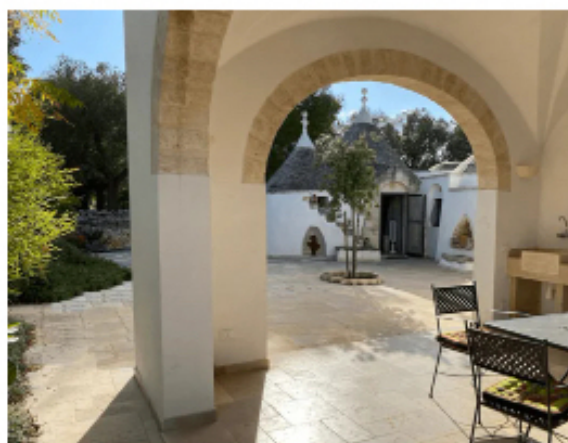

We've been busy at Trullo Dipinto since many of you previously visited over the last few years. The shaded comfort of the pergola has been a great success at the rear of the pool and our traditional pizza oven has knocked-out an awful lot of pizza. Last year we completed our new irrigation system and the front lawn and flower beds are looking fabulous...

Plus, the trullo is as tranquil as ever, ideally positioned for Ostuni's local beaches, its baroque town centre and wealth of amazing eateries. All assuming that you want to leave the haven of Trullo Dipinto and its pool.

We've had a few cancellations this year, creating some gaps in June, July & August. **So an excellent time to grab yourself or a friend, a last minute bargain!**
